

## Child and Booster Seat Guide | Australia

01 April 2023 – 31 March 2024

### Child restraints for all vehicles

The type of restraint required for your child depends on their age as follows:

- Children aged **under six months** (up to 9kg) must travel in an approved, properly fastened and adjusted, rear facing child seat restraint. **An anchor point is required for this seat.** Children in this category cannot be seated in the front passenger seat of our vehicles
- Children aged **between six months and under four years** (8-18kg) must travel in an approved, properly fastened and adjusted, rear facing child seat restraint **OR** a forward facing child restraint with an in-built harness. **An anchor point is required for these seats.** Children in this category cannot be seated in the front passenger seat of our vehicles
- Children aged **between four years and under seven years** (14-26kg) must travel in an approved, properly fastened and adjusted, forward facing child seat restraint with an in-built harness (**anchor point required**) **OR** an approved booster seat which is properly positioned and fastened with a standard lap-sash seatbelt. Some booster seats may have a top tether strap that needs to be attached to an anchor point. Children in this category cannot be seated in the front passenger seat of our vehicles.
- An adult lap-sash seatbelt is designed for people with a minimum height of 145cm. A child should continue using a forward facing restraint or booster seat until they have outgrown it.

Child Seat

### Hiring a child or booster seat or bringing your own

- Child seats and Booster seats are available for hire from all **thl** branches for AU\$42 per hire. Child/booster seats are included in the Inclusive Pack for each brand. We strongly recommend any child restraints are pre booked.
- All child restraints must comply with current Australian Standards and must be labelled with an Australian Standards sticker for the standard AS/NZS 1754
- Child and Booster seats brought from overseas do not comply with the Australian and New Zealand standard and it is illegal to use them in Australia
- **It is the responsibility of the driver to fit the seats in the vehicle**

### Where your child can sit\*

- Front passenger seats in all vehicles cannot accommodate children under seven years, nor children who are over seven years but still in a child restraint.
- Child or booster seats are not permitted on the rear facing seats of any vehicle
- Front passenger seats AND rear facing passenger seats in all vehicles are not fitted with anchor points
- A child seat restraint with an in-built harness can only be fitted where there is an anchor point

Booster Seat

**PLEASE NOTE:** This is designed as a guide only. For further information please discuss with your Reservations Consultant.

For further details on where your child can sit in our campervans please see overleaf.
